INTERNATIONAL MONTESSORI NURSERY,
PRESCHOOL & ELEMENTARY SCHOOL

Holistic bilingual education in English
and Czech from 1.5 to 12 years of age

SUMMER CAMP FOR KIDS 1.5 – 10 YEARS-OLD: 28.7. – 22.8.2014

Come to discover both real and fabled elements in the nature around and in us

We will undertake expeditions to observe nature and to explore its four core elements with all our senses. We will search for natural elements in old folk tales, as well as in our imagination to turn the world around us into our own fairytale. We will look from all sides and angles, search under the surface and play in a thousand ways.

Full-day summer program for children from toddlers to schoolboys and girls

- We welcome children **from 18 months to 10 years-old** – various activities are organized in smaller groups respecting children’s age and interests; for children below 3 years-old suitable only in case that they have already attended our or another school.
- Program **from 8 a.m. till 4.30 p.m.** – catering provided; half-day attendance from 8 a.m. till 1 p.m.
- Experienced **English and Czech** speaking teachers.

Air, water, earth, fire or else **elements in the nature, both the real ones and the fairytale ones**

Each of the 4 weeks focuses on one of the four elements, in different ways and from different angles.

- Exploring the elements through physical experiments – e.g. how the air feeds the fire, why some liquids never interfuse, how to make the water flow upwards, how a spoon can jump on water surface, how to make a home volcano and many others.
- Observing the elements in the nature, where we can find them, what forms they take, what effects they cause – research expeditions and adventurous games in the near nature.
- Elements in fairytales – various creative activities (art and crafts, music, drama etc.)
